Master of Science (Computer Science)

Bharathidasan University, Trichy

2024 - Present

Bachelor of Science (Computer Science)

Secured 83.33%

Bharathidasan University, Trichy

2021 - 2024

PROJECTS

Digital Bullying Detection

03/2024 - 04/2024 Srinivasan College of Arts and Science Perambalur.

Designed and implemented a system to detect and block offensive content in online social networks. Applied data processing, text classification, and trust-value analysis for filtering.

- Improved detection accuracy and enhanced user safety in the digital environment.

Portfolio Website (HTML, CSS, JavaScript) | Self Project

04/2025 - 04/2025 Jayram Educational Trust, Ariyalur

Developed and deployed a responsive personal portfolio website with animations and side navigation.

- Optimized for mobile devices and hosted via GitHub Pages.

Data Analytics Dashboards (Power BI, Excel)

05/2025 - 05/2025 Ariyalur

Created interactive dashboards to visualize business insights.

- Automated Excel reports with pivot tables and charts, improving reporting efficiency.
